

Asia Pacific Regional Workshop on Equity in Open Access

Thursday, June 1st, 2023

Open Access Australasia acknowledges the Traditional Custodians of country throughout Australia and their connections to land, sea and community. We pay our respect to their Elders past and present and extend that respect to all Aboriginal and Torres Strait Islander peoples.

Open Access Australasia recognises the Turrbal and Yugara, and Bedegal as the First Nations owners of the lands where we work.

We also pay our respects to all indigenous peoples wherever they are in the world including ngā iwi Māori, the tangata whenua of Aotearoa New Zealand.

Background to today's workshop

Second of two workshops on Global equity in open access publishing

on "*practical mechanisms and action plans to remove barriers for readers and authors*"

The suggestions and outcomes of all three workshops in the series will be openly disseminated at OA2020 and elsewhere and will be further discussed with other stakeholders, including scholarly publishers, in a second phase of activity from mid-2023.

What we'd
like to
achieve
today

- Gather a rich set of views on issues relating to equity as we move to a more OA future –especially in relation to this region
